MEMORANDUM FOR: Deputy Director for Administration

FROM : Harry E. Fitzwater  
Director of Training

SUBJECT : Investigating the Topic of Creativity and Controls

REFERENCE : Memo to DDA (DDA 76-4098) from DTR, dated 13 Aug 76, Subject: Leadership Training

1. Following up the response to my memorandum to you on the subject of leadership dated 13 August, the Center for the Study of Intelligence has developed the attached proposal. I believe it is a reasonable step forward on this subject. As you will see, there is a memorandum to send first to Mr. Wells to bring him aboard, since much of the subject matter involves the Directorate which he heads and will need his full support.

2. Assuming you receive DDO approval of the concept the Center has proposed, we have attached a memorandum to be sent to Mr. Knoche for his approval. Once that is received, the Center will proceed to arrange the details and work up the discussion report for Mr. Knoche and Mr. Wells to consider. We would hope that the report would contain sufficient lines of guidance on the subject to make a wider-based symposium for general Agency discussion of the topic profitable. If not, the DDCI and the DDO may wish to confine the matter to further quiet and more isolated study and investigation.
